NEWMAN**
for Mayor of San Marcos

Dave NEWMAN: Solutions for San Marcos

- **Take FULL advantage of our community assets:**
Epicenter of the Corridor, gateway to the Texas Hill Country, the San Marcos River, Texas State University, and our diverse cultural heritage
- Move NOW, for a **transparent city government** process
- **Renovate OUR downtown** and provide parking, NOW! Transform our downtown into an attractive asset (Fredericksburg, Gruene, Georgetown...!!)
- **End corporate lobbying with our tax dollars**, and put that money into our own neighborhoods and infrastructure to improve our overall quality of life
- **Reduce taxes NOW.** Aim for 10% off of each city department budget, NOT to include salaries
- Partner with Texas State University to **attract professional, high paying, clean enterprises**, rather than our present low wage, no benefits retail and/or factory jobs
- Three times a year we graduate a **vast pool of talent at Texas State University**. Many **grads want to remain in San Marcos** as professional members of our community, and do even stay for a year or so, working in the only available (low wage) jobs. But **eventually they are forced to leave**. We **MUST raise the economic aim point NOW**. This will stimulate our economy, housing, smart growth, and overall quality of life. We are at a **CRITICAL** point in our development as a city, and to **adopt a proper course NOW**, is **CRUCIAL**.
